SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, January 5th, there being present P. H. McEvoy, presiding, D. E. Blackburn, Wm. H. Brown, Jas. T. Casey and Jos. M. Francis.

Motorcycle Officer Brown of the Second township rendered the following report:

Arrests since last report, 5; convictions, 4; cases pending, 4; fines, \$40.

A supplemental report by Mr. Brown, making known the service rendered by him since his appointment on March 17, 1911, shows that up to date he had made 239 arrests and secured 231 convictions for which fines aggregating \$3625 were paid to the county. During that period his salary amounted to \$187.50, leaving a balance in favor of the county of \$437.50, not counting the saving to the public highways through the suppression of unlawful speeding.

Motorcycle Officer Vallejo of Halfmoon Bay reported having made 26 arrests since his appointment for which fines amounting to \$235 were paid. The total salary paid to him was \$232.50.

Alex Heyneman, the attorney representing Charles Martinelli and Giuseppe Gianni, applicants for a permit to maintain a hog ranch in the First township, asked to withdraw his petition. On motion of Blackburn, seconded by Brown, he was permitted to withdraw the application without prejudice.

The following liquor dealers, having complied with the law and furnished the necessary bond, were granted licenses:

First township—Joe Millett, Colma; John T. Collins, Colma; J. E. Rodgers, Colma.

Second township—W. and H. Danz, San Mateo.

Third township—O. E. Daves, Portola.

Fifth township—McCormick & Son, Pescadero.

The following applications for liquor licenses were given first reading and will be acted on a month hence:

First township—B. Ward, San Bruno; G. S. Burnett, Visitation.

Second township—H. C. Caldwell, Belmont.

Third township—Cavalli Bros., La Honda.

Fourth township—John Fannucci, Miramar.

Fifth township—E. J. Montevado, San Gregorio; R. Cory, Pescadero.

Chris Stader appeared before the board and objected to the issuance of a license to Henry Danz at Berrisford.

District Attorney Swart was called in and made a statement to the board to the effect that Danz' saloon had been conducted in a disorderly manner and that he was in possession of evidence which would be placed before the grand jury regarding the character of the place.

On motion of Blackburn, seconded by Blackburn, the issuance of Danz' license was reconsidered and it was ordered that charges against the applicant be heard at the next meeting.

A license to peddle draygoods at Halfmoon Bay was issued to Peter Gianni on motion of Francis, seconded by Blackburn.

The State Construction Company applied for an extension of 20 days' time on its La Honda bridge work, representing that on account of the bad condition of the roads it was impossible to haul the necessary material across the mountain.

On motion of Blackburn, seconded by McEvoy, the contractor was granted an extension of twenty days.

John F. Ford, the county farm superintendent, presented his resignation with the request that it take effect February 1st.

The resignation was accepted on motion of Brown, seconded by McEvoy.

Brown moved that James R. Eubanks be appointed to fill the vacancy. He was seconded by Francis and a ballot was taken which resulted in the election of Eubanks.

The matter of the petition of Daily City residents for additional lights, postponed from a previous meeting, was taken up and the clerk directed to notify the petitioners that no action could be taken on account of the incorporation of that city.

A communication was received from the San Mateo County Poultry Association asking that a sum of money be placed to the credit of the association to encourage the breeding of fine fowls in the county.

On motion of Blackburn, seconded by Brown, the sum of \$25 was donated to the association.

A communication signed by a large number of San Bruno residents was received, making protest against the route of the proposed road north of that city, and asking that San Mateo avenue be adopted as the official route.

The protest was referred to the Advisory committee of the board. Ordinance No. 259, regulating the maintenance of water pipes or flumes on county roads, was presented by the district attorney and adopted on motion of Blackburn,

seconded by Casey. The following resolution relating to the Spring Valley flume at San Bruno was adopted on motion of Casey, seconded by McEvoy:

Whereas, there has been for many years, and now being maintained by the Spring Valley Water Company, a corporation of the State of California, a pipe line and flume on and over that certain public highway leading from the city limits of South San Francisco to a point in the El Camino Real, or county road, at and near what is commonly known as Uncle Tom's Cabin of San Bruno, said county, and

Whereas, this Board of Supervisors has for more than one year last passed been negotiating with said Water Company to have said Water Company remove said flume or pipe line from said road, and

Whereas, it was for a time understood that said company would remove said flume, but now refuses to remove said flume, and

Whereas, said flume is a public nuisance and an obstruction to the travel over said road and to the people of San Bruno, and

Whereas, said Board of Supervisors are now contemplating important improvements on said road,

Be it further resolved and ordered that unless said flume is removed from over said road forthwith, the District Attorney of said San Mateo county shall immediately bring such action for a judgment ordering the removal of said pipe line and flume, and

Be it further resolved that a copy of this notice be served upon the President, Secretary or other managing officer of said company.

Regularly adopted this 5th day of January, 1913.

A petition was received from the Woman's club of San Bruno asking for additional street lights.

The clerk was directed to notify the petitioners that the additional lights might be installed with the consent of the corporation supplying the electric current and could be paid for out of next year's tax levy.

A resolution was adopted, on motion of Blackburn, seconded by Brown, recommending the levy of a State tax to raise \$1,000,000 for the erection of a State building at the Panama-Pacific Exposition.

District Attorney Swart rendered a written opinion to the effect that the fac-simile rubber stamps used by the members of the board in signing claims constituted a legal signature. The opinion was ordered filed with the board's records.

Attorney John O. McElroy presented the contract of the Halfmoon Bay Light and Power Company to furnish electric light for the Halfmoon Bay Lighting District, some slight alterations being made in the wording of the document, and it was ordered that it be signed by the chairman.

After the passing of the claims of the Third Road district Chairman McEvoy delivered a short address to the members of the board and the citizens present. In view of the fact that he was about to leave he took occasion to thank his fellow members for the courtesy they had shown him at all times; he congratulated them on the fact that the past four years had been free from the taint of scandal; that out of chaotic building plans a fine new county building had arisen that was not only the pride of the county but of the State. There were no reckless expenditures of money. By the foresight of the board and with the assistance of the County Development Association there had been many notable reforms. Mr. McEvoy closed by thanking the clerk and the members of the press.

Messrs. Brown and Casey followed briefly, regretting the retirement of Mr. McEvoy.

The chairman then declared the board adjourned sine die.

At 12 o'clock the board was called to order by the clerk, John MacBain taking the place of Mr. McEvoy. The clerk announced that nominations for chairman were in order. Casey nominated Brown, which nomination was seconded by Francis. Mr. Brown was elected and on taking the chair thanked the members for the honor and on complimenting the new board joyfully referred to the two republican members as Bull Moosers. MacBain was on his feet in an instant and declared that he was a straight Taft republican before and after election and he wanted that to be understood by the chairman. Blackburn followed with a similar declaration, whereupon the chairman apologized good naturedly and then adjourned the board for the noon recess.

Chairman Brown announced the following committees:

Finance—Francis, MacBain, Casey.

Farm and Hospital—Casey, Blackburn, Francis.

Courthouse and Jail—MacBain, Casey, Brown.

Supplies—Blackburn, Francis, Casey.

A protest signed by a large number of voters of San Bruno was presented, objecting to any other route for the proposed county road at that place than San Mateo avenue.

The protest was referred to the advisory committee on motion of Casey, seconded by Francis.

Arthur E. Loder, Division Engineer of the State Highway Commission, appeared before the board and spoke in reference to the proposed State highway through the county. Mr. Loder complimented the board on its progressiveness in calling for a bond issue to build new county roads and admitted that it was due the supervisors that the Highway Commission make known the route of the highway through the county, and said that if the board would declare its willingness to dedicate the entire Mission road to the State and secure the necessary rights of way for widening it where necessary and build needed bridges the Highway Commission would be in a position to make known its plans.

Mr. Loder then presented a resolution covering the foregoing matters and setting forth the board's intention to secure additional ground for right of way at the following places, and to erect the necessary bridges:

At the junction of Mission road and San Jose Avenue, a new right of way on the easterly side from the properties of the Crocker Estate Company, John Daly and P. S. Knowles.

At Colma, on the easterly side of Mission road, a right of way from the property of G. M. Malloy, on the westerly side, from the properties of F. D. Smith and B. E. and W. R. Gouin.

At the Southern Pacific crossing at Millet, new right of way on the easterly side from the properties of John Cronan, R. Bischoffberger, L. Boett and J. M. Millet.

Between Brookville and Baden, new right of way from the properties of M. Whelan, E. C. and O. D. Hamlin, P. Arata and F. Lagomarsino, the Covell estate, the Las Animas and San Joaquin Land Company, Incorporated, and James L. Flood.

The new bridges as provided for herein to be paid for by the county of San Mateo, are as follows:

The concrete bridge crossing Colma creek and a concrete bridge crossing Baden creek near the southerly corner of the James Flood property. It is also agreed that the county of San Mateo will pay its proper share of the expense and will build jointly with Santa Clara county, a bridge over the San Francisco creek at the easterly county line.

It was explained that by making the changes suggested eleven railroad crossings would be eliminated. The rights of way and bridge work would cost the county in the neighborhood of \$15,000. The resolution was adopted on motion of Casey, seconded by MacBain.

On motion of Blackburn seconded by Casey, the sum of \$6.25 was granted to each of the six half orphan children of Mrs. Louise Ballard of Pescadero.

The matter of supplying goods to the county farm was taken up and bids were opened as follows:

NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By
Hustling Reporters in the
Country Districts.

SAN BRUNO NOTES.

The citizens of San Bruno have been somewhat aroused during the past two weeks, since the county newspapers have been printing the final decisions which the advisory committee, acting with the board of supervisors, have been giving out to the public. The citizens here were in no way delicate in expressing their views on the neglected treatment afforded San Bruno through which they were to be entirely shut out from the projected highway, to the serious detriment of their interests. A mass meeting of protest was called and the meeting was held at Judge Carter's court room last Sunday. Committees were appointed, one to draft resolutions and another to present them before the board of supervisors last Monday.

Last Monday night the pipe of peace was passed around and the countenances of our citizens were lit up with smiles of contentment where the day before gloom abounded. Joy reigned supreme, for the news on every lip was of cheer. San Bruno had come into her own. The supervisors did the right thing, and the citizens are thankful that they can now get into the harness and help a good cause along.

E. J. Lienes, the painter, has gone to San Jose for a couple of weeks. Although he carried a suit case, that is no reason he may arrive home a victim of "benedictional" bliss.

Last Monday night Mrs. Emile Gheret of Belle Air, was presented with a beautiful diamond emblematic brooch by the members of Semmen Tribe, Degree of Pochontas, which she has served for the past term as past chancellor in an efficient manner. Mrs. Gheret is justly proud of this handsome token of appreciation.

The many friends of Mrs. A. D. Bakirk, of the third addition, were pained to hear of an accident which befel that estimable lady last Monday evening at San Francisco. After the rush of household duties incident to the holidays, she went to visit relatives in San Francisco, arriving at her destination after dark. The place was undergoing alterations the electric lights were out and the entry was in darkness. Being familiar with the place, she opened the door, as she had done on many previous occasions, and stepped inside, only to fall to the basement, the floor having been removed. Attracted by her cries the inmates of the house rushed to her assistance. A physician was summoned and it was found that she had sustained a double fracture of a leg and several broken ribs. It will be some time before she is able to return to her home.

Last Monday as Ruth, the young daughter of Mr. and Mrs. Rugard, was playing on the sofa in the sitting room she accidentally fell to the floor in such a manner that she broke an arm. This accident is somewhat deplorable as the child only lately recovered from the effects of a fracture of the arm sustained about three months ago while playing on a woodpile. Dr. Bohme was called and made the little one as comfortable as possible.

Chris Melskow, father of Mrs. Julia Peterson of the Peterson grocery store, after getting off a San Mateo car fell in some way into the famous San Bruno ditch, near Maggieri's store, and broke a leg. He was taken to a San Francisco hospital for treatment after having the fracture set by Dr. Smith.

Mrs. T. Foster is recovering nicely from an attack of typhoid.

Mr. Lohman, who was operated on for lockjaw last Saturday by Dr. Bohm, is getting along nicely.

Depose Silveria, clerk for P. J. Sullivan, met with a painful accident last Saturday. While at work he was struck on the head by a falling board, a protruding nail piercing the skull.

Mrs. J. Dubley was so severely bitten by a vicious dog one day this week as to necessitate an operation.

A. Lind is suffering from a severe attack of la grippe.

L. Bacon has been looking round for the past few days in search of a location for a drug store. It is hoped he will locate here.

L. Canas, a farmer from Butte county, is here looking after his real estate interests.

E. Denari has been visiting his brother at Eagles Nest.

People are wondering what is the trouble with the school board. We have only two trustees, Bryant having been gone from here for six months or more.

Mrs. M. Odgers, an aged lady residing in Belle Air, has a severe attack of the grippe. Dr. Bohm is in attendance. As Mrs. Odgers is a lone woman the Catholic ladies have taken charge and are giving her careful nursing.

It has just leaked out that Peter Gazini and Miss Maguire were married last September. They have taken a residence in Lomita Park and are being showered with congratulations and well wishes by their friends.

SAN MATEO AND BURLINGAME.

At a meeting of the trustees of the Burlingame school district on Monday evening a site for the new building was selected, the location being at the corner of the County road and Oak Grove avenue.

This location, in the opinion of the trustees will prove the most accessible to both the main Burlingame section and the residents of Easton.

The city council of Burlingame has let a contract for the experimental work on the new municipal water plant, the contractor be-

ing J. Nelson of San Jose. The first work will be on a series of test wells, the first of these to be bored on lands west of Easton. Active work in the campaign against the mosquito nuisance in the vicinity of San Mateo has been commenced by the larger property owners. A contract has been let by the Howard Estate Company for the construction of a levee to extend from Burlingame avenue to Coyote Point. Specifications have also been prepared by the Bowle Estate Company for a levee to extend from Coyote Point to San Mateo.

Funeral services in honor of the late Ambassador Whitelaw Reid were held at the Church of St. Matthew at San Mateo last Saturday morning simultaneously with the services at New York. At these services the same hymns were sung as those used at the services at Westminster Abbey.

Thomas Coleman, the aged father of J. H. Coleman, has been confined to his home at San Mateo for the past two weeks by a severe illness.

SOUTH SAN FRANCISCO.

George Wilson, who for several years was a popular resident of this city spent the holiday season here greeting old friends.

Three men arrested here last week for shooting craps were found guilty of the offense in Recorder Rehberg's court Monday and fined \$15 each.

Sassman & Quinn's new moving picture house opened for business last week. The new house has been christened the Pastime.

FROM THE COAST SIDE.

The Miramar Improvement Association has contracted with the Halfmoon Bay Light Company for the installation of a number of street lights.

J. Teurman, chief yeoman of the South Dakota, and Oscar Danne-gar of the same ship, were visitors at the home of Mr. and Mrs. E. Danniger at Halfmoon Bay last week.

Forty young pheasants were turned loose between five farms in the vicinity of Pescadero last week by Game Warden Smith. The young birds were furnished by the state farm at Haywards.

Frank ardora is again occupying the bookkeeper's desk at the Bank of Halfmoon Bay.

W. H. Owens has been awarded a contract for an extensive addition to the residence of Toney Tennant at Halfmoon Bay. Extensive improvements are being made to the home of J. S. Vargas, near the depot at Halfmoon Bay.

The car started with a sudden jerk, causing plaintiff to be hurled violently to the ground. He suffered the loss of three of his teeth, fractured his seventh rib and was otherwise badly injured. COUNTY AUDITOR HEDS UP ROAD DISTRICT BILLS

On Tuesday Auditor W. H. Underhill refused to allow payment of the claims against the Third Road District passed by the board of supervisors on Monday. Mr. Underhill makes the statement that McEvoy has exceeded his allowance by \$2843.97, passing claims to the amount of \$9897.72, while there were funds to his credit amounting to \$7053.72. It is possible that Mr. Underhill may pass the claims within Mr. McEvoy's allowance, the others may never be paid. The reason for holding up the majority of the claims was because they were not filed three days prior to the meeting of the board as required by law. Some of the claims were not filed until Monday noon. When McEvoy took office four years ago he found that Mr. MacBain had only exceeded his allowance by \$600. When MacBain assumed office eight years ago he discovered that his predecessor, McEvoy had overdrawn his allowance to the tune of \$11,000.

CITY IS FREE FROM TYPHOID MICROBES

Dr. Ross Submits Gratifying Report of Health Conditions to the City Council.

The few spectators who had the hardihood to attend the meeting of the city council last Monday evening were treated to the unusual spectacle of the "city dais" transacting business clad in overcoats and head gear. Although Janitor O'ferman had kept the radiators in the council chamber working overtime they were unequal to the contentment with the chilly air outside, and the room was about as hospitable as the proverbial "Greenland's icy mountains." The prospect was not an alluring one, and the trustees, all of whom were present with the exception of Mr. Sampson, evinced a desire to dispose of the business of the evening as rapidly as possible, and with the exception of the time devoted to an interesting consideration of the report of City Health Officer Dr. J. L. Ross, no time was lost in unnecessary discussion.

The report of Dr. Ross, which makes a most gratifying showing, was as follows:
To the Honorable Board of Trustees of Redwood City—Your Health Officer submits the following report for the year 1912:

In a measure this may appear somewhat unsatisfactory to you in completeness, as it does to me. It, however, shows progress, and the best we could do, considering the time at our disposal.

I would state that the vital statistics, outside those of births, are absolutely correct, and within another six months this feature of a health officer's report, which is universal throughout the state, will be in a fair measure corrected. The health of the community has been good and but few contagious diseases have been reported. It seems rather remarkable that in a community as varied and extensive as this, that there should be in twelve months but nine cases of contagious diseases, and still more remarkable that not a single case of typhoid has originated in this community; the two mild cases reported to your Health Officer have been contracted, one in the vicinity of Oakland and one in San Francisco.

During the year the pupils in the different grades of the public schools voluntarily submitted to an examination. In the number, some 18 were advised as to their health regarding eye trouble, diseased tonsils and adenoids. Most of these, at different times, have placed themselves under the care of specialists and the trouble has been removed to their great benefit and the satisfaction of the teachers.

I cannot too highly commend the efforts of Professor Mantz in his cooperation with your Health Officer. Immediately upon a child appearing at school with any skin eruption or sickness of any kind, he at once notifies the Health Officer and the case is investigated. Considerable time, in conjunction with the members of the Board, has been devoted to the abatement of the mosquito nuisance, and the outlook is very promising for the extermination of this nuisance during the coming season.

I hope to submit to your Board in the near future a more detailed report, which will go into statistics which cannot be properly brought to your attention at the present time.

Respectfully yours, J. L. Ross.
Dr. Ross accompanied the report with numerous verbal suggestions which were received by the trustees with every evidence of satisfaction. After some discussion of the situation, the report was placed on file.

After hearing a favorable report from Superintendent of Streets J. O. Dickey on the work of the contractors, the improvement of Broadway and Hopkins avenue, in Dineer Park was accepted.

City Engineer Sears was authorized to place a more permanent surveyor's monument at the intersection of the charter line with Main and Holder street, which is generally regarded as the initial point of all city surveys.

The clerk was directed to secure bids for the work of perfecting the city block books for assessment purposes.

A resolution of intention to close a short portion of avenue Del Oro, in the Eagle Hill tract was adopted. This action is taken at the request of the owners of the property and is understood to be for the purpose of providing a more direct line for the street.

An ordinance providing for the closing of portions of Lowell and Iris streets, introduced at the last meeting, was given final passage.

The ordinance amending the present ordinance regulating plumbing, which has been under consideration for some weeks, was given its final reading and adopted. Under the new ordinance the plumbing inspector is required to make monthly reports of his work to the council and all fees must be paid to the city clerk.

In the hopes of wet weather in the near future, the street superintendent was authorized to purchase additional rock for temporary repairs to streets.

Trustee Deleau announced the death of James Crowe, a former Trustee of the city, and on his motion the council adjourned in respect to the memory of Mr. Crowe.

REDWOOD CITY MOURNS LOSS OF PIONEER CITIZEN

James Crowe Laid to Long Rest With Solemn Services of Episcopal Church

Never in its history has Redwood City witnessed such a spontaneous and universal exhibition of sympathy and regret as was shown last Tuesday morning when throngs of her people of all classes assembled about St. Peter's church to assist in the last service which mortal man can render for one of its most respected and beloved pioneer citizens. Long before the hour set for the sad service every seat in the church was filled, every inch of standing room in the aisles was occupied, while crowds stood reverently upon the sidewalks. Tenderly carried by almost lifelong friends, the mortal remains of James Crowe, a man who in the long span of an active life had endeared himself to all with whom he had come in contact, were conveyed from the home which he had occupied for many years to the church in which he had loved to worship his Maker and of which he had been the most loyal supporter. Here the simple but impressive ritual service of the Episcopal Church—rendered more touching by the presence of the large concourse of sorrowing friends—was recited by Right Rev. William Ford Nichols, Bishop of the Diocese of California. Rev. David Crabtree, rector of St. Peter's parish, Rev. A. B. Chinn of Menlo Park and Rev. W. A. Brewer of Hillsborough.

Rev. David Crabtree, the rector of the parish, led in the services, reading the opening sentences of the ritual as the casket containing the remains was borne to the altar. This was followed by the recital of the Psalter by Rev. A. B. Chinn, the Knickerbocker Quartette chanting an anthem. The lesson was then read by the rector from the Fifteenth Chapter of the First Corinthians. Following a

beautiful rendition of the hymn "One Step at a Time," the Creed was recited by Rev. W. A. Brewer. Bishop Nichols, for over a quarter of a century an intimate friend of the family of the deceased, recited the prayers for the dead and pronounced the benediction, the quartette sang "Abide With Me." As the casket was carried from the church the "Nunc Dimittis" was chanted by the quartette.

As the funeral procession passed from the church to the depot to escort the remains to their last resting place in the quiet precincts of Cypress Lawn, they were met by the pupils of the high school and grammar school, the classes of both being suspended that the pupils might be afforded an opportunity to pay their respects to one who had chiefly been instrumental in securing the establishment of the high school and had contributed much of his efforts in the cause of local educational work.

At the grave the committal service was said by Bishop Nichols. Two beautiful hymns were rendered by the quartette, and the final prayers were recited by the Rector of St. Peter's Church.

Mr. Crowe's passing was like his life, quiet and peaceful. Death came to the aged pioneer almost without warning, but found him prepared and without a struggle he gave himself to his Maker. Last Saturday morning he arose in apparently good health, although at the breakfast table he remarked to his family that his rest had been somewhat broken. During the forenoon he was taken to town as usual, greeting his friends with that cheerful smile for which he had been noted. Shortly before 4 o'clock in the afternoon he went with Charles Roller, his assistant, to do some work about his place. While thus engaged, Mr. Roller saw his aged employer slip to the ground. Hastily summoning assistance the stricken man was carried into the house and Dr. Ross was summoned. The services of the physician, however, were of no avail, as by the time Dr. Ross reached the house the spark of life had departed.

James Crowe, or "Father Crowe" as he was affectionately known throughout the community for which he had done so much—was one of the most notable of the men who helped lay the foundations of this city and county. A native of the North of Ireland, where he was born March 13th, 1840, he was brought by his parents when an infant to Canada, and it was there he grew to manhood, and there he met the good woman who has been his constant companion through the long journey of life—who has shared with him the trials and joys which are inseparable from human life. Mr. Crowe came to California in March, 1868, landing first at San

PASSING MATTERS OF LOCAL INTEREST

News of Redwood City Boiled Down to Condensed Paragraphs.

The grammar and high schools opened on Monday with an increased attendance.

Professor Carrington has just issued a book of songs composed by him for the lower grades of the grammar school. The book possesses considerable literary merit.

Miss Ruth Robertson has returned from Los Angeles to resume her position as teacher in the grammar school. Miss Robertson is a clever and accomplished educator. She is a graduate of Stanford.

Miss Edna Zimmerman was here during the week to spend a few days with her parents. Miss Zimmerman is an assistant in the office of State Superintendent of schools at Sacramento.

A number of the high school students are contemplating the formation of a boy's club. It will meet weekly, a part of the term being devoted to literary culture and a part to social activities.

Donald MacKenzie is building a Sunday school room to the rear of the Congregational church. The Sunday school classes of the church will be taught in the room instead of the church auditorium as before.

The rain fall for the present storm is one inch as recorded by the rain gauge at the depot. While more rain would be acceptable let us be thankful for what we have received.

Will Quinville, of Bodie, Mono county, was here during the week on a visit to Mr. and Mrs. Roy W. Cloud. Theyoung man is a former pupil of Mr. Cloud's and attended school at Bodie when the superintendent was teaching there in 1906.

A marriage license was issued on January 7, in Oakland to Henry F. Comper, aged 32 and Louise Pescio, both of Oakland. Mr. Comper is a former Redwood City boy who learned the plumbers' trade with R. C. Holmquist.

R. J. McCann is here from Monterey on a visit with his brother-in-law, Dr. Chapin of this city. Mr. McCann is so well pleased with Redwood City that it is within the range of possibility that he may move his family here.

Mr. and Mrs. Byron Millsaps of Lebanon, Oregon, were here last Saturday calling on friends. Mrs. Millsaps was formerly Miss Hughes, whose girlhood was spent in this city. Her father was superintendent of streets of this city for many years.

Henry McGarvey, the local capitalist and realty dealer, left yesterday for Los Angeles to spend two weeks in sight seeing. While in Francisco. After a stay of but a few months in that city he removed to Redwood City, which has ever since been his home. In his youth he learned the carpenter's trade and for some time after locating here he followed the business of contracting and building. In the early years of 1870 he established the first undertaking business in this city, which he has followed since with marked success.

Lately it was in the conduct of this business that he has exhibited those kindly traits of nature which has endeared him alike to the rich and the poor.

While totally disinclined to the turmoil of political life, Mr. Crowe has twice been honored by his fellow citizens with public responsibility. In the early corporate existence of the city he served as a member of the board of trustees, and for 18 years he held the office of coroner and public administrator, always serving so as to merit the commendation of his fellow citizens.

Always inclined to an active business life, deceased has for several years been vice president of the San Mateo County Savings Bank and one of the directors of the San Mateo County Building and Loan Association. Of a strong fraternal disposition, he was an active member of several fraternal organizations, notably the Masons, Odd Fellows, Improved Order of Red Men and the Knights of Pythias.

Besides his wife, Mrs. Lucy S. Crowe, he is survived by four daughters, Mrs. Belle Wentworth of Berkeley, Mrs. M. J. Brizzard of Burlingame and Misses Alice and Kitty Crowe, of this city, besides two grand children, all of whom were present during the last sad hours.

A touching evidence of the love and esteem in which the deceased was held by the community was the wealth of floral offerings with which the bier was surrounded. The pall bearers—all old friends of the family—were Judge Geo. H. Buck, Judge James Hannon, J. B. Doyle, P. P. Chamberlain, L. P. Behrens, and J. W. Roller.

In a touching letter of condolence to the bereaved family, Bishop Nichols feelingly recounts the life long devotion of Mr. Crowe to humanity and his steadfast devotion to St. Peter's Church which he so long served as its Senior Warden, and inclosed the following beautiful poem:

Sleep on, beloved, sleep and take thy rest;
Lay down thy head upon thy Saviour's breast;
We love thee when, but Jesus loves thee best—
Good-night!

Calm is thy slumber as an infant's sleep;
But thou shalt wake no more to toil and weep;
Thine is a perfect rest secure and deep—
Good-night!

Until the shadow from this earth is cast,
Until he gathers in his heaven at last,
Until the Lenten gloom is overpast—
Good-night!

Until the Easter light lights the skies,
Until the dead in Jesus shall arise,
And he shall come—but not in lowly guise—
Good-night!

Until, made beautiful by love divine,
Thou in the likeness of Thy Lord shalt shine,
And he shall bring that golden crown of thine—
Good-night!

Only "Good-night" beloved, not "Farewell!"
A little while, and all his saints shall dwell
In hallowed union, indivisible—
Good-night!

Until we meet again before His throne,
Clothed in the spotless robe He gives His own—
Good-night!

New Racing Boat Arrives.

Stanford's new shell arrived in Palo Alto last week and was at once shipped to the Stanford training quarters here and placed in readiness for practice work. The shell was manufactured by Sims of Putney, England, who is known as the best shell builder in the world. The first shell ordered from him was crushed in its trip from England via the Isthmus of Panama, and the order for a new one was necessitated. This shell arrived in New York one day late for the Poughkeepsie regatta, when Stanford rowed in a shell belonging to Columbia University. With this addition to Stanford's watercraft, daily races between full freshman and varsity crews may be had.

Rev. Father Sullivan, who has been ill since the day before Christmas, is reported to be getting along nicely.

The snow-capped Sierra Morena Mountains presented a beautiful appearance yesterday. It is sad to see that the people of Redwood City can witness this pleasing sight and it goes without saying that the scene was much enjoyed by all.

Eastern representatives of a rubber tire company were here on Thursday and were shown the city and surrounding country by Mayor George A. Merrill and representatives of the Board of Trade. The visitors were all well pleased with Redwood City and believed it to be an ideal factory city. They went from here to Los Angeles and will be here again.

Hughes, who was recently appointed assistant superintendent of schools of the City of Sacramento, will be the choice of the Board of Education of that city to be the superintendent at the close of the present term. News was received here yesterday of the death of Mrs. Alice D. Jewett at Washington, D. C. Redwood Parlor, N. S. G. W., is circulating a petition for signatures to be sent to the governor and Legislature, praying for an appropriation from the State treasury by the Legislature of 1913 of a sum sufficient for the construction of a scenic highway from the Saratoga Summit to and within the California Redwood Park, to the end that the park may be made accessible to the people of California. The petition is receiving the signatures of every one as it is a public necessity that the park, embracing as it does 8000 acres of virgin forest, should be accessible to the people.

In another column will be seen the annual statement of the First National Bank and the San Mateo County Savings Bank. The showing made by these institutions is a splendid one and one that the officers may well feel proud of. The statement shows a decided growth and progress over last year. Both institutions are forging rapidly ahead under the courteous and able management of the present officials who have the confidence of the people of the entire peninsula. The two banks are the best conducted and financially the safest institutions of any in the state.

SUPERVISORS HOLD REGULAR MEETING

Continued from page one.

George C. Ross was granted per-
mission to excavate Walnut and
Ralston avenues at Belmont to lay
a water main, on motion of Black-
burn, seconded by Francis. With
his application Mr. Ross enclosed
a check for \$250 to liquidate any
damage that might result from the
work.

The electric ordinance which has
been under consideration for some
time was again laid over to per-
mit its inspection by MacBain.

The routing of the San Bruno
road was taken up for discussion. J.
M. Custer, representing the sign-
ers of the protest previously pre-
sented to the board argued at
length in favor of constructing the
road along San Mateo avenue. J. F.
Beckner spoke along the same lines,
assuring the board that the dan-
gerous railroad crossing would thus be
avoided.

M. B. Johnson of Moss Beach ad-
vised that the matter be de-
ferred another week and an effort
made in the meantime to effect a
compromise.

L. E. Fuller, the manager of the
County Development Association,
recommended immediate action as
the matter had already been delay-
ed longer than was beneficial to
the proposed bond issue.

MacBain moved that the recom-
mendation of the surveyor be adopt-
ed and the road laid out on San
Mateo avenue and thence on the
surveyor's route to the San Fran-
cisco line. The motion was second-
ed by Francis and carried.
Adjourned to Monday, Jan. 13.
